PROJECT EXPERIENCE

Bridge The Gap

https://afternoon-sierra-25981.herokuapp.com/

This application is focused on connecting disadvantaged individuals, non-profit agencies, and volunteers together to make best use of limited resources. My role in this is project and database management.

Night Out Roulette

https://regina7361.github.io/NightOutRoulette/FriendsNightOut.html

Don't know what to do on your night out? No worries! This application takes the pressure off of making decisions with just a simple click of a button! My role in this was working on the back-end and being the team lead.
